## SCHEDULE OF FIRE APPARATUS BELONGING TO THE TOWN OF WILTON.

One fire pump and four hydrants, all in good working order and ready at a moment's notice to do service.

Engine House at East Wilton which contains the following fire apparatus ; Engine Co. No. 1 with hose carriage complete, with 4 buckets, 2 axes, 1 spade, 1 iron bar, 1 ice chisel, 26 feet of suction hose, 400 feet leather leading hose, 450 feet cotton rubber lined hose, 3 discharge pipes, 1 blunderbuss, 5 rubber coats, 16 spanners and belts, with 42 men.

The Engine House has the following fixtures : One stove and boiler for engine room, 8 lanterns, 5 bracket lamps, 3 ladders, 17½—26 and 30 feet, 2 fire hooks and fixtures, 2 cans, 1 oil can, 2 water pails, &c., 1 cottage stove for hall, 10 settees, 1 chandelier with 4 lamps, 1 stand lamp, 1 table, 2 chairs, 1 pump and sink.

## AT FRENCH VILLAGE.

Engine No. 2 with hose carriage complete, with two buckets, 2 axes, 1 shovel, 1 iron bar, 24 feet of suction hose, 400 feet of cotton rubber lined leading hose, 100 feet leather hose, 1 discharge pipe, 1 blunderbuss, 14 spanners, 8 belts, 3 wrenches, 3 rubber coats, with 34 men.

The Engine House has the following fixtures : One stove and pipe, 1 boiler, 2 oil cans, jug, 1 oiler, 1 pail, 1 broom, 3 ladders, 17—20 and 30 feet, 2 fire hooks and fixtures, 6 lanterns, 1 stove and pipe for hall, 9 settees, 2 chairs, 1 table.

Both Engines and Fire Pump are, in our opinion, in perfect condition, and ready at any time to do service. The hose and all other fire apparatus is also in good condition.

We, the undersigned, recommend that the Town purchase one thousand feet of hose for the fire department, as you very well know we have not a sufficient supply. At the last fire we had to use borrowed hose, with hydrants close at hand, and was short at that. If the fire had extended, it would have been impossible to subdued it without more hose.

# REPORT OF SCHOOLS.

---

## DISTRICT NO. 1.

*John D. Wilson, Prudential Committee.*

Miss Jennie M. Burtt, who gave such perfect satisfaction in this school last year, was secured for the Summer and Fall Terms.

She labored with her usual faithfulness and her schools were marked successes, though in the Fall Term the progress of the school was retarded and the work of the teacher made very hard by the large number of classes and the many absences on the part of a portion of the scholars.

Miss Jennie E. Wassall commenced the Winter Term, and continued four weeks. She failed in the matter of discipline, and in consequence her place was filled by Miss Emma F. Wyman, who is still in the school. The indications are that her school will be a perfect success.

## DISTRICT NO. 2.

*Charles E. Barrett, Prudential Committee.*

Miss Clara J. Burton, who taught in this district last year, has continued with the school through this year. The result of her teaching in this district has been very satisfactory.

## DISTRICT NO. 3.

No School.

## DISTRICT NO. 4.

*A. A. Ramsey, Prudential Committee.*

**PRIMARY DEPARTMENT.** Miss Martha A. Putnam, continued with the school through the Summer and Fall Terms with her usual success. Her health would not permit her to continue her loved work. She secured the services of Miss Eliza J. Gage to fill her place for the Winter Term. Miss Gage labored hard and was successful.

**INTERMEDIATE DEPARTMENT.** This school has had the good fortune to secure the services of Miss Bertha L. Blood again this year. She has labored faithfully and her school has shown through the year the results of well directed effort. The closing examination was almost perfect.

**GRAMMAR DEPARTMENT.** Miss M. A. Follansbee continued with the school through the Summer and Fall Terms. With her capacity to govern and good ability to instruct, the school made rapid progress both in deportment and scholarship.

She was followed in the Winter Term by Miss C. N. Mitchell. Miss Mitchell is a thorough and competent teacher; she worked hard and gave thorough instruction. The examination showed good results. This is a hard school to govern, and needs a teacher of governing ability and endurance.

**HIGH DEPARTMENT.** The Summer Term was taught by Mr. Winthrop B. Presby. He entered the school with a determination to make it a success. He labored hard and good was accomplished. But while he bent all his energies to the work of instruction, he held the reins of discipline too loosely.

Fall Term, taught by Miss Lizzie A. Burbank. She came with

very little experience in teaching, but with a pluck which tokened success. The school did well under her care, but she found it too hard to warrant her to continue.

The Winter Term was under the care of Mr. L. J. Tuck. He gained the entire confidence of the district by his labors in this school two years ago, consequently he received at once the hearty support of all. His school was a perfect success, and an influence has been exerted that will long be felt. It seems desirable in this school that there should be a less frequent change of teachers.

#### DISTRICT NO. 5.

*Harris Abbot, Prudential Committee.*

Miss Emma F. Wyman, one of our best teachers, taught the Summer and Fall Terms.

Miss Sarah B. Sherburne taught the Winter Term. Both teachers were faithful and the school maintained its former standing among the schools of the town.

#### DISTRICT NO. 6.

*John M. Herlihy, Prudential Committee.*

Miss Hannah J. Herlihy taught both terms.

This is almost a family school. Perfect order was maintained and no school has shown better progress. We found here some very excellent specimens of map drawing executed by the scholars.

#### DISTRICT NO. 7.

*C. M. Batchelder, Prudential Committee.*

Only one school, Mr. C. H. Larry teacher.

Mr. Larry seems devoted to the needs of his four scholars. He seems to be giving perfect satisfaction to the district. School yet in progress.

## DISTRICT NO. 8.

*Russell J. Frye, Prudential Committee.*

Miss Myrtie C. Ring, teacher. She spared no pains to make her school a success. She interested her scholars, and although the length of the school was short for a school of this size, good progress was made.

## DISTRICT NO. 9.

*James E. Gray, Prudential Committee.*

Miss Clara J. Nichols, teacher.

Teacher, scholars and parents worked together, and as a natural result, the school maintained a steady progress in the right direction through the year.

## DISTRICT NO. 10.

*Fred W. Perham, Prudential Committee.*

Spring Term taught by Miss Etta J. Curtis.

The notice of the close of this term was delayed and consequently I visited the school but once; but judging from the appearance of the opening, and Miss Curtis' experience here last year, I think the school was successful.

Fall Term, Miss Clara H. Blood, teacher. Miss Blood seems to be a very superior teacher. Her school was a perfect success.

## REMARKS.

I can report that your schools have been very successful during the past year. In some of the districts the amount of schooling is cut short of what it ought to be by lack of funds, and thus a portion of our scholars are deprived of needed schooling.

The scholars in these districts are eager to learn, and appreciate their advantages more fully perhaps than those who enjoy more ample means of education.

It is desirable that something be done to equalize the schooling in different parts of the town ; and to this end I recommend that fully \$2,500 be raised by tax for school purposes, that no district be cut short of what it now receives, and that the Literary Fund be divided equally between districts No. 5, 8, 9 and 10.

Prudential Committees should insist on their teachers applying at once for a certificate. You should not engage a teacher and allow them to wait till the day before school is to open before being examined. By care in this respect you may often save yourselves much trouble, and better serve the interests of your school.

Parents, you should visit your schools during term time, become acquainted with your teachers, enter into sympathy with them, and give them your support. You can thus add greatly to the success of your schools.

Again, parents, it is your duty to see that your children attend regularly. By keeping your children out of school, you not only injure them, but retard the progress of the whole school.

Respectfully Submitted,

GEO. C. TROW,

School Committee of Wilton, N. H.

Feb. 15, 1884.
